Why would your **BUSINESS** want a **BROKER** rather than an agent?

West Coast Insurance Brokers is different than your typical agency . We put our client's best interests at heart.

We shop all the insurance companies - many you won't have access to - and find the most competitive rates and coverage.

How We Go Above & Beyond

- 24/7 Customer Service
- Advocates on your audits
- Sends updates to CCB on your behalf
- Assist with paperwork
- Updates to endorsements & Certificates

Sophia Adams
President

Get in touch with West Coast Insurance Brokers today!
Take advantage of our **FREE** gift cards for referring your friends.
(Upon your referral starting coverage.)

CCB#224473

City of Lakeside 2022 WWTP Upgrades

Lakeside, Or.

Bid Date/Time: 2/8/23 2:00pm

Contact: Aaron Speakman

Phone: (541) 269-0732

E-Mail: aspeakman@dyerpart.com

Description: The City of Lakeside intends to construct the 2022 Lakeside Wastewater Treatment Plant (WWTP) Upgrades based on a MBR treatment system. The City intends to select an MBR Manufacturer of flat plate technology, Base Bid, to allow the Engineer to proceed with the design of the improvements. The selected MBR Manufacturer will agree to supply to the City or its assigns, the equipment, labor, field testing, start-up assistance, and materials specified for the Proposal/Bid price submitted. Work includes the MBR Manufacturer's on-site certification of proper installation of the MBR equipment, and training of Owner's staff in operation of the MBR system. Additive Alternate No. 1 includes the MBR manufacturer to supply a plant wide SCADA system.

The equipment will be installed by a Contractor hired by the Owner under a separate Contract. The Contract between Owner and the selected MBR Manufacturer will be assigned to this Contractor.

LCC A & E Building 16 Improvements

Eugene, Or.

Bid Date/Time: 2/8/23 2:00pm

Pre-Bid: Mandatory 1/27 10:15am in Building 16, South Entry Hall, 4000 E. 30th Avenue, Eugene, on the LCC Campus.

Contact: Linda Reling

Phone: 541-463-5839

E-Mail: RelingL@lanecc.edu

Description: Laboratory and lab support spaces for physical, earth and environmental sciences in the Science, Mathematics and Engineering Building have not been significantly updated since they were built in the 1960s. Space layouts are outdated, inefficient, and not ADA compliant. Laboratories are not set up to facilitate multiple activities at once. Teaching on outdated equipment and in laboratory conditions that do not mimic current lab standards does not prepare students properly for their future. Additionally, safety equipment is outdated and has passed its expected lifespan. For example, the chemistry stockroom has outdated infrastructure that requires inefficient work arounds that can benefit from modern safety equipment. Fifty year old plumbing and natural gas infrastructure are also nearing the end of their life. Updating these labs will improve the educational experience for nearly every student that takes a science class at Lane Community College. The updates would improve safety, connectivity, and student sense of belonging. It is the intent of the college, as a result of this solicitation, to award the work to one proposer who best qualifies for the performance of the work and whose fees are reasonable.

Redmond Landscape Maintenance

Redmond, Or.

Bid Date/Time: 2/8/23 2:00pm

Contact: Sharla Andresen

Phone: 541-383-7208

E-Mail: sandresen@cocc.edu

Empire Area Blueprint Project

Coos Bay, Or.

Bid Date/Time: 2/8/23 3:00pm

Contact: Sam Nelson

Phone: 541-269-1181

E-Mail: snelson@coosbay.org

Description: The city of Coos Bay (City) is accepting Statement of Qualifications from qualified individuals and firms to provide professional consulting services to the City for the purpose of refining two previously prepared plans: 1) May 3, 2022 Coos Bay Empire Urban Renewal Plan and 2) December 2, 2008 Hollering Place Master Plan. The project refinement will be known as the Empire Area Blueprint and will focus on strategies to implement suggested improvements in the Empire Area within the study limits. Improvements include access, circulation, connectivity, safety, parking, and wayfinding. The Blueprint will also consider the need for new policies, code amendments, and funding tools necessary to fulfill the Urban Renewal Area goals and objectives.

Viking CONCRETE CUTTING INC.

Concrete Scanner (GPR)

Our concrete scanner is one of the newest tools we have at Viking Concrete Cutting. Using ground penetrating radar (GPR) we have the ability to scan up to 20 in. deep in many different surfaces. We can locate things such as rebar, post tension cables, conduit and many other things. With this state of the art equipment and over 20 years of construction knowledge we are sure we can provide you safe and accurate answers with every scan we do.

- Metal conduits and rebar
- ◆ Plastic conduits
- Bottom of slab

Call us to discuss your upcoming projects.

AUSLAND

GROUP

SUBS & SUPPLIER REQUESTED

Bidder interest and pre-qualification are requested by Ausland Group for construction of **National Park Service Oregon Caves Chateau Renovation** located at Oregon Caves National Monument near Cave Junction, Oregon. Ausland Group is under contract with the NPS and is negotiating the construction phase via a direct negotiation process. The total construction budget is anticipated to be approximately \$30,000,000.

BIDS DUE: Wednesday, February 15th at 5pm

Interested bidders shall contact Ausland for pre-qualification and access to the bidding documents. All inquiries pertaining to pre-qualification and bidding information shall be directed to Tevah Jones of Ausland Group: (M) 541.930.4758, (email) tjones@auslandgroup.com

OR CCB # 172333 | www.auslandgroup.com

NPS Oregon Caves Chateau Renovation

Cave Junction, Or.

Bid Date/Time: 2/15/23 5:00pm

Contact: Tevah Jones

Phone: 541-930-4758

E-Mail: tjones@auslandgroup.com

Description: The Oregon Caves Chateau is a highly sensitive historic structure designated as “Landmark” within the National Register of Historic Places due to its representation of an exceptional aspect of American history and culture. The Chateau is a six-story heavy timber and log super-structure with many highly unique defining historic features built within a ravine over an active creek. Work consists of extensive structural renovations and complete re-construction of all building systems and interior finishes. The total construction budget is anticipated to be approximately \$30,000,000. Structural Improvements, Fire Sprinkler, Plumbing and HVAC have been pre-selected.

Description: Remodel of an existing residence into a daycare facility. Exterior covered patio play areas are added.

Timber Management Services

Coos Bay, Or.

Bid Date/Time: 3/7/23 3:00pm

Contact: Sam Nelson
Phone: 541-269-1181 ext.2206
E-Mail: snelson@coosbay.org

Description: The city of Coos Bay is requesting Statement of Qualifications from individuals or firms, as consulting foresters to provide miscellaneous timber management services for the city. The city will compile a list of no less than two qualified consultants that will assist with the miscellaneous projects. It is the City's intent to disseminate the projects equally between the selected consultants, however, each project will be assigned to the qualified consultant on the basis of the project requirements, firm's expertise, and experience and not necessarily on a rotational basis. The term of the first contract is proposed to be for a four-year period with an option to extend for an additional two years at the City's discretion.

Southeast Area Plan Pump Station

Bend, Or.

Bid Date/Time: 3/7/23 3:00pm

Pre-Bid: Mandatory 2/15 9am online

Contact: Dan Galanaugh
Phone: 541-323-8570
Email: dgalanaugh@bendoregon.gov

Description: This project will be completed using a Progressive Design-Build alternative procurement process. The major components of the proposed improvements include the following;

1. Public sewer pump station;
2. Force main connection to the existing City collection system; and
3. Collection gravity mains.

The purpose of this Project is to increase sanitary sewer system capacity, efficiency, and serviceability within the City and the Southeast Area of the City's UGB. The Project will provide for future sewer service to properties within the SEAP and adjacent developments.

Description: Construction of a shared use path and associated facilities. The project includes, but is not limited to: clearing and grubbing, tree removal, earthwork, asphalt paving, concrete paving, bridge modification and construction, reinforced embankments, railroad track removal, railroad crosstie replacement, solar street lighting, fencing, bollards, drainage facilities, signage, pavement striping and markings, traffic control, construction staking, and erosion control. The Engineer's Estimate for this work is: \$12,648,902.

Elk Valley Rancheria

Crescent City, Ca.
Bid Date/Time: 3/15/23 4:00pm
Pre-Bid: Non-Mandatory 2/22 2pm at Elk Valley Rancheria Tribal Office, 2332 Howland Hill Road, Crescent City, CA.

Contact: Angela Christie
Phone: 909-467-8940
E-Mail: achristie@shn-engr.com

Description: Construction of a convenience store and gas station on the north side of Elk Ranch Road on APN 115-020-028. The construction includes an approximately 4,080-sf structure for the convenience store, including a quick serve restaurant, office, restrooms, and a limited dining area. The gas station includes eight (8) 'double-stack' dispensers (16 pumps total) beneath a fueling canopy, one (1) high speed diesel (HSD) lane with two (2) dispensers and one large RV lane with gasoline with two (2) dispensers beneath a fueling canopy, two (2) 30,000-gallon underground fuel tanks, a 1,000 gallon above-ground propane tank, and a water/air supply station. The site development will also include 50 standard parking spaces, 6 truck/RV parking spaces, all required ADA parking spaces, a 500-kilowatt diesel generator in a shed-type structure with a 400-gallon tank, a trash enclosure for two dumpsters, an animal relief area, monument and pricing signs, stormwater improvements (e.g., drainage inlets, piping, and retention basins), paving, and landscaping.
