Why would your BUSINESS want a BROKER rather than an agent?

West Coast Insurance Brokers is different than your typical agency . We put our client's best interests at heart.

We shop all the insurance companies - many you won't have access to - and find the most competitive rates and coverage.

How We Go Above & Beyond

- 24/7 Customer Service
- Advocates on your audits
- Sends updates to CCB on your behalf
- Assist with paperwork
- Updates to endorsements & Certificates

Sophia Adams

Biosolids Land Application

Sisters, Or.

Bid Date/Time: 7/18/23 2:00pm

Contact: Erik Huffman

Phone: (541) 633-3140

E-Mail: ehuffman@beconeng.com

Description: Project includes the pumping, mixing, hauling and application of biosolids from the Sisters Wastewater Treatment Plant (WWTP). Approximately 500,000 gallons of liquid biosolids will be removed from the WWTP lagoon, run through a debris grinder (Muffin Monsters) and pumped into tanker trucks. Sufficient lime will be added and mixed with biosolids which will then be transported and applied to the Lazy-Z Irrigation site. The City estimates the cost of improvements at \$200,000.

Oregon St. Police Central Point Reno BPO3

Central Point, Or.

Bid Date/Time: 7/27/23 2:00pm

Contact: Robert Means, JE Dunn (GC)

Phone: (503) 978-0800

E-Mail: robert.means@jedunn.com

Description:

Phase 1 includes the 24,420 sf, two-story West addition, which includes a new main entry, Forensics Lab, and Southern Command Dispatch Center.

Phase 2 includes the renovation of the existing 20,000 sf main building for use by Area Command and the Medical Examiner with a 4,000 sf single story East addition for the Medical Examiner. Minor renovations to the warehouse will repurpose the space for an additional forensics vehicle bay.

Site work on the 3.59 acre site will include a pedestrian plaza, a new shared vehicle access along the north side of the property, and expansion of the existing evidence vehicle storage enclosure. Parking and Landscaping work will respond to City, building, and user needs. Refer to Section 00 30 00 Site Access Plan for Site phasing delineation.

Concrete Scanner (GPR)

Our concrete scanner is one of the newest tools we have at Viking Concrete Cutting. Using ground penetrating radar (GPR) we have the ability to scan up to 20 in. deep in many different surfaces. We can locate things such as rebar, post tension cables, conduit and many other things. With this state of the art equipment and over 20 years of construction knowledge we are sure we can provide you safe and accurate answers with every scan we do.

- Metal conduits and rebar
- ◆ Plastic conduits
- Bottom of slab

Call us to discuss your upcoming projects.
