Why would your BUSINESS want a BROKER rather than an AGENT?

West Coast Insurance Brokers is different than your typical agency. We put our client's best interests at heart. We shop all the insurance companies—many you won't have access to—and find the most competitive rates and coverage.

How We Go Above & Beyond

- 24/7 Customer Service
- Advocates on your audits
- Sends updates to CCB on your behalf
- Assist with paperwork
- Updates to endorsements & Certificates

Sophia Adams, President

We Specialize in Contractors Insurance

- Contractors License Bonds
- General Liability
- Payment Performance Bonds
- Commercial Auto Insurance
- Workers Compensation Insurance

West Coast
Insurance Brokers, Inc.

(CA - DBA Sophia Adams Insurance Services)

At West Coast Insurance Brokers, our mission is to redefine the insurance experience. As President and an active broker, I founded this company with a belief in going beyond mere sales to empower individuals and businesses through personalized insurance solutions. We are dedicated to navigating the complex world of insurance, tailoring our services to meet the unique needs of each client. Our commitment extends beyond transactions; we cultivate an environment where our team members thrive and where customers feel supported, educated, and empowered. By prioritizing assistance over sales quotas, we strive to build lasting relationships built on trust, expertise, and genuine care.

WELCOME OUR NEWEST MEMBER!

Redmond, Or.

Addendum:8

Description: The approximately 11.2-acre site is located at 2098 NW 6th Street, Redmond Oregon 97756, The site development will include all required access roads, parking lots, site fencing, gates, yards, and on-site infrastructure. The project consists of three main structures – Administration Offices, carports, a Warehouse and a Vehicle Storage building. The 21,981-sf office will be wood framed and metal construction. All other structures will be pre-engineered steel structures – 9,811 sf warehouse, 16,213 sf vehicle storage and 5,835 sf carports. Extensive site construction is also a part of the project scope. CEC are working with COID to pipe the open canal running through the property in October/November 2025. Site work cannot begin until canal piping project is completed. The Site needs to remain operational during construction. Scheduling and project construction phasing will be critical. The Owner's opinion of probable cost is between \$25M - \$28M.

Angus Lane Water Reservoir

11/20/25
2:00pm

Contact: Sean Moran
Phone: (541-404-3729)
E-Mail: mideallc.adm@gmail.com

Myrtle Creek, Or.

Description:

1. Construct a complete new 250,000-gallon (minimum usable volume) bolted glass-fused steel reservoir system including reinforced concrete foundation and appurtenances.
2. The tank site excavation will be performed in 3 distinct phases with approximately 1/3 of excavation being performed during each phase.
3. Construct approximately 1,950 lineal feet of 8-inch water line (C900 PVC and Class 50 Ductile Iron) and appurtenances connecting the existing water distribution system at October Drive and generally following the water tank access road to the water tank.
4. Construct water tank inlet/outlet piping and appurtenances, including new valve vault and mechanical elements.
5. Construct new electrical power service at the water tank site. The work will include the installation of approximately 2,000 feet of 3-inch electrical conduit and 2-3 electrical pull boxes. Work includes conduit, pull boxes, wire, and new power service, including a new pad-mounted transformer, power meter and all conduit to the water tank site
6. Water tank access road improvements to the existing earth and gravel roadway sections, as well as a section of newly development roadway near the water tank site.
7. Site work including clearing, grubbing, excavation, hauling, drainage work, water yard piping, placement of imported granular compacted fill, finish grading, gravel surfacing, and miscellaneous appurtenances.

South Slough Entrance Improvement

11/20/25
2:00pm

Contact: Nameun House
Phone: (503) 510-9462
E-Mail: Nameun.House@das.oregon.gov

Pre-Bid: Non-Mandatory 11/4 10am via Teams

Charleston, Or.

Description:

- Relocate existing site entrance and signage.
- Grade and pave two new roadways to accommodate entrance relocation. Grade several parking areas and finish with gravel surface.
- Install new electrical and communications infrastructure for additional street lights and future EV chargers.
- Grade swales for stormwater infiltration and install stormwater conveyance infrastructure.
- Install new bollards and lights at specified locations.
- Paint lines for roadway and parking areas.
- Landscape plantings and restoration.

Addendum:1

Dedicated RNG Flare Installation

11/20/25
2:30pm

Contact: Michael Wilson
Phone: (541) 682-8643
Email: mwilson@eugene-or.gov

Pre-Bid: Mandatory 10/30 9am at the Wastewater Facility located at 410 River Avenue, Eugene OR.

Eugene, Or.

Description: Install a Shand and Jurs flare that will be dedicated to the off-spec gas system of the Renewable Natural Gas (RNG) plant at the wastewater treatment facility. This project will include installing an owner supplied Shand and Jurs flare and control system and an owner supplied Harris Thermal stainless-steel tank. These will need to be integrated into the off-spec gas piping that currently directs the gas to the existing gas flares that serve the anaerobic digesters and the RNG concurrently. The purpose of this project is to provide an off-spec gas flare that will be dedicated to the RNG and return the two existing flares to solely serve the anaerobic digesters.

Addendum:1

Campus Electrical Distribution

12/11/25
1:00pm

Contact: Vivian Chen
Phone: 503-821-1266
Email: Purchasing@oit.edu

Pre-Bid: Mandatory 11/10 1pm in the Sunset Conference Room of the College Union, located at the Oregon Institute of Technology, 3201 Campus Drive, Klamath Falls, OR

Klamath Falls, Or.

Description: Oregon Tech's main power distribution switch gear is located in a vulnerable area. Relocating and replacing the main power distribution switch gear will reduce safety risks and prevent potential campus wide power disruptions.

Addendum:2

Earl Hall Complex Phase 2

12/11/25
2:00pm

Contact: Luke Helm
Phone: 541-346-2419
E-Mail: lhelm@uoregon.edu

Pre-Bid: Mandatory 11/24 2pm Earl Hall, 1327 E. 15th Ave, Eugene, meet on the south side of Young.

Eugene, Or.

Description: Window replacement and exterior improvements and roof replacement.

Archie Briggs Fire Fuels Reduction

12/11/25
2:00pm

Contact: JoAnna Edwards
Phone: (541) 706-6102
E-Mail: joanna@bendparksandrec.org

Pre-Bid: Mandatory 11/20 10am. Meet at the Northcliff and Deschutes River Trail crossing and park along the trail. Parking will be limited, so please carpool if possible.

Bend, Or.

Description: Enhance ecological resilience by addressing overstocked tree densities. By reducing the number of overstocked ponderosa pine trees and removing most western juniper trees, the project seeks to create a stand that is more resilient to both fire and pests. Trees eight inches in diameter at breast height (DBH) and under will be marked with blue paint to be cut and piled. Piles will be burned the following Fall/Winter, weather conditions permitting. The ponderosa pine and Western juniper over eight inches in DBH that are marked will be cut and removed, creating better spacing to increase stand vigor. For long-term health, the overall goal is to reduce the basal area per square foot an acre to 50.

EUG Concourse A Expansion

12/11/25
2:30pm

Contact: Michelle Hahn
Phone: (541) 682-5051
E-Mail: mhahn@eugene-or.gov
