## Why would your BUSINESS want a BROKER rather than an AGENT?

West Coast Insurance Brokers is different than your typical agency. We put our client's best interests at heart. We shop all the insurance companies—many you won't have access to—and find the most competitive rates and coverage.

### How We Go Above & Beyond

- 24/7 Customer Service
- Advocates on your audits
- Sends updates to CCB on your behalf
- Assist with paperwork
- Updates to endorsements & Certificates

Sophia Adams, President

## We Specialize in Contractors Insurance

- Contractors License Bonds
- General Liability
- Payment Performance Bonds
- Commercial Auto Insurance
- Workers Compensation Insurance

(CA - DBA Sophia Adams Insurance Services)

At West Coast Insurance Brokers, our mission is to redefine the insurance experience. As President and an active broker, I founded this company with a belief in going beyond mere sales to empower individuals and businesses through personalized insurance solutions. We are dedicated to navigating the complex world of insurance, tailoring our services to meet the unique needs of each client. Our commitment extends beyond transactions; we cultivate an environment where our team members thrive and where customers feel supported, educated, and empowered. By prioritizing assistance over sales quotas, we strive to build lasting relationships built on trust, expertise, and genuine care.

# **Viking** **CONCRETE CUTTING INC.**

## **Concrete Scanner (GPR)**

Our concrete scanner is one of the newest tools we have at Viking Concrete Cutting. Using ground penetrating radar (GPR) we have the ability to scan up to 20 in. deep in many different surfaces. We can locate things such as rebar, post tension cables, conduit and many other things. With this state of the art equipment and over 20 years of construction knowledge we are sure we can provide you safe and accurate answers with every scan we do.

*Call us to discuss your upcoming projects.*

Klamath Falls: 541-884-1399 • Medford: 541-773-2420

**E-Mail:** aes151@humboldt.edu

**Pre-Bid:** Non-Mandatory 3/18 10am via Zoom

Arcata, Ca.

**Description:** This Notice to Contractors is for the award of a two (2) Job Order Contracts (JOC), which is a competitively bid, firm fixed priced, indefinite quantity contract. The Contract scope of work includes a collection of detailed repair and construction tasks and specifications that have established unit prices. It is awarded to the "Contractor" for the accomplishment of repair, alteration, modernization, maintenance, rehabilitation, demolition and construction of infrastructure, buildings, structures, or other real property. The University issues to the Contractor discrete, fixed-price task or job orders, as needed, under the contract. Under the JOC concept, the Contractor furnishes all management, documentation, labor, materials, and equipment needed to perform the work.

## Innovation Academy Phase 2 Remodel

4/17/25  
2:00pm

Medford, Or.

### Addendum:4

**Contact:** Pam Thoren  
**Phone:** 541-842-1118  
**E-Mail:** [Pam.Thoren@medford.k12.or.us](mailto:Pam.Thoren@medford.k12.or.us)

**Pre-Bid:** Non-Mandatory 3/19 8am at  
Innovation Academy, located at 1321  
Center Drive, Medford, OR

**Description:** The proposed remodel includes the construction of new classrooms, teacher's offices, remote learning pods, and an exterior metal awning (at the outdoor eating area). A new unisex restroom core will replace the existing. Above the new classrooms, a mezzanine is proposed to expand the existing. A new mechanical equipment platform, accessible from the mezzanine, will be built. A new LULA elevator will be installed to access the mezzanine area. Additionally, the building will be seismically retrofitted with an exterior metal frame system at the existing concrete tilt-up wall panels. The existing fire sprinkler system will be modified, and extended to the new interior spaces. A new dry fire sprinkler system will be installed at the new exterior awning. The design of the fire sprinkler systems will be design-build by a fire protection subcontractor. The existing fire alarm system will be modified, and extended to the new interior spaces and the exterior awning/patio area. New mechanical units will be installed on the roof, and on the mechanical equipment platform. Existing plumbing and mechanical systems will be modified, and extended to the new interior spaces.

SUPPLIER & SUBCONTRACTOR BID REQUEST

**Innovation Academy Remodel PH2**  
**Medford School Dist.**  
Medford, Oregon

**Bid Date: 4/16/2024 Time: 4PM**

## BLM Gerber Recreation Area Repairs Rebid

4/30/25  
2:00pm

**Contact:** Joy Menguita  
**E-Mail:** jmenguita@blm.gov

**Pre-Bid:** Site visit will take place on April 10, during normal duty hours.  
Contact the COR: Robert A. Smith  
541-885-4140  
rasmith@blm.gov

Lakeview, Or.

### Description:

Gerber Rec Area waterline replacement.

replacement of frost-free hydrants, system valves, system drains, air/vacuum valves, installation of pressure reducing valves at each campground, and replacement of appurtenances to accomplish this work. New HDPE pipeline is proposed to follow the existing pipe alignment, and the existing pipeline is to be abandoned in place.

North Camp Secondary Circuit Replacement

installation of a preplacement circuit for the vault toilet serving the north campground. The existing circuit has a compromised conduit allowing water to enter the conduit and fills the junction box with water. The entire circuit is to be replaced with new conductor and conduit. If possible eliminate the junction box. New circuit is to be place in the same trench as the new waterline. Existing circuit will be abandoned in place where practical.

North Camp Vault Toilet Replacements

pumping, removal, and disposal of two (2) double vault toilet 750 gallons each. One double vault toilet with wood framed structure and associated partitions and concrete slab are to be removed. The second double vault toilet is a precast unit the building with vaults and exiting concrete walkway as defined on drawings are to be removed. Also included are the purchase and delivery of two (2) pre-engineered pre-fabricated concrete double unit vaulted toilet building with equipment chase. One (1) building (At boat ramp site) will be installed 6" higher than the existing building and must have raised pumping hatches. New buildings must be connected to existing power supply.

South Camp Vault Toilet Replacements

pumping, removal, and disposal of one (1) double vault toilet 750 gallons each. The existing double vault toilet with wood framed structure, associated partitions and concrete slab are to be removed as shown in the drawings. Other existing concrete walkway to remain. Also included is the purchase and delivery of one (1) pre-engineered pre-fabricated concrete double unit vaulted toilet building with equipment chase. New buildings must be connected to existing power supply.

Barnes Valley Vault Toilet Replacement

pumping, removal, and disposal of one (1) single CXT 1000-gallon precast vault toilet. Purchase and Delivery of one (1) pre-engineered pre-fabricated concrete single unit vaulted toilet building.
