JACKSON CO, OR

JULY 7 2PM

Why would your BUSINESS want a BROKER rather than an AGENT?

West Coast Insurance Brokers is different than your typical agency. We put our client's best interests at heart. We shop all the insurance companies—many you won't have access to—and find the most competitive rates and coverage.

How We Go Above & Beyond

- 24/7 Customer Service
- Advocates on your audits
- Sends updates to CCB on your behalf
- Assist with paperwork
- Updates to endorsements & Certificates

Sophia Adams, President

We Specialize in Contractors Insurance

- Contractors License Bonds
- General Liability
- Payment Performance Bonds
- Commercial Auto Insurance
- Workers Compensation Insurance

West Coast
Insurance Brokers, Inc.
Insuring Your Future

(CA - DBA Sophia Adams Insurance Services)

At West Coast Insurance Brokers, our mission is to redefine the insurance experience. As President and an active broker, I founded this company with a belief in going beyond mere sales to empower individuals and businesses through personalized insurance solutions. We are dedicated to navigating the complex world of insurance, tailoring our services to meet the unique needs of each client. Our commitment extends beyond transactions; we cultivate an environment where our team members thrive and where customers feel supported, educated, and empowered. By prioritizing assistance over sales quotas, we strive to build lasting relationships built on trust, expertise, and genuine care.

Chemicals for use at Water & Wastewater Treatment Plant

6/16/25
2:00pm

Contact: Keanna Khlafallah
Phone: (541) 552-2290
E-Mail:
Keanna.khlafallah@ashlandoregon.gov

Ashland, Or. **Description:** Bids for nine chemicals for use at the Water and Wastewater Treatment Plants as specified in this Invitation to Bid. The City's intent is to award an individual 12 month contract for each chemical to the lowest responsive and responsible bidder.

Keno and Link Log Boom Replacement

6/17/25
11:00am

Contact: Rashayla Brown
Phone: 916-978-5291
E-Mail: rbrown@usbr.gov

Klamath Co. Or. **Description:** Replace existing wooden log booms at Link River Dam and Keno Dam with HDPE log boom. New log booms will strengthen the ability to keep debris from becoming lodged in the dam outlet works and increase public safety.
1. Two log booms: 460 feet and 700 feet of hard shell (plastic) tubular debris boom.
2. Fabricated from an outer shell of chemically resistant polyethylene stabilized with an ultraviolet ray inhibitor.
3. Unsinkable solid internal core of non-water absorbing foam fill. Maintains buoyancy even when punctured.

Addendum:1

7th St. Fire & Water Line Improvements

6/17/25
2:00pm

Contact: Loree Pryce, PE
Phone: 805-680-9509

Rogue River, Or. **Description:** Construction of approximately 700 lf of 8-inch ductile iron water main, re-establishing 8 water services, installation of a new fire hydrant assembly, connections and abandonment of water main, reestablish paving section, and other appurtenances.

Addendum:1

Glenwood Substation Upgrades Project

6/17/25
2:00pm

Contact: Nicolas Thrasher
Phone: (541) 744-3377
E-Mail: nthrasher@springfieldor.gov

Pre-Bid: Mandatory 5/29 10:30am on-site at the Glenwood Pump Station, 3580 Franklin Boulevard, Springfield, OR.

Springfield, Or. **Description:**
1. Installation of a third pump, including ancillary suction and discharge pipes, fittings, valves, variable speed drive, and associated electrical, instrumentation, and control work.
2. HVAC upgrades include removal and replacement of existing air conditioning unit, installation of a new exhaust fan including ancillary duct and supports, replacement of supply/exhaust air registers, installation of air flow and smoke detection devices, go/no-go panels for two separate spaces, and associated electrical/control work..
3. Removal of the roof and replacement with a new standing seam metal roof.
4. Upgrades and modifications to the building structure for seismic resilience.
5. Installation of supports and supply of flood protection planks.
6. Installation of flexible fittings on existing 12-inch and 20-inch force mains for seismic resilience.

Addendum:2

SOU Softball Stadium Phase 1

6/17/25
2:00pm
Contact: Jeff Chisholm, S & B James
Phone: 541-826-5668
E-Mail: jeffchisholm@sbjames.com

Ashland, Or. **Description:** Phase 1 includes and updated field, associated backstop and fences, bullpens, and recessed dugouts. A new bleacher system with a new press box will be added to the site.

Addendum:2

Empire Lake Fishing Dock & Gangway

6/17/25
2:00pm
Contact: Ashley Kallberg

Coos Bay School District Restroom Remodel

6/19/25
2:00pm

Contact: Tess Guyer
Phone: 541-269-1166 x 0221
E-Mail: tguyer@hge1.com

Pre-Bid: Mandatory 6/5 11am at the project site at Marshfield High School Main Building office, 972 Ingersoll Ave, Coos Bay, OR.

Coos Bay, Or.

Description:

MARSHFIELD HIGH SCHOOL – SUMMARY OF WORK:

Base Bid Work includes demolition, including saw-cutting, and remodel of the existing multi-stall restroom at Marshfield High School Main Building into five (5) single user toilet rooms with a shared lavatory trough sink. Remodel includes rough framing, finish carpentry, flooring, wall protection, ceilings, toilet accessories, plumbing, mechanical, and electrical installation. Schedule includes alternate bids for similar work at the north end of the building for staff restrooms and at the Pirate Hall classroom building for similar toilet rooms and shared lavatory trough sink.

MILNER CREST – SUMMARY OF WORK:

Base Bid Work includes demolition and remodel of the former gym locker room area at Milner Crest School into support facilities for the Coos Bay Little Pirate Preschool Program. Remodel requires demolition and saw cutting of antiquated restroom/shower areas for conversion into Preschool toilet area, clothes storage, and a support space with dishwasher, sink, counter, and washer/dryer connections. Work includes rough framing, finish carpentry, flooring, wall protection, ceilings, toilet accessories, plumbing, mechanical, and electrical installation. Schedule includes alternate bid to complete the staff toilet room.

Brownfield Cleanup at Western States Plywood Mill

6/19/25
5:00pm

Contact: Mike Rosen
E-Mail: mike@wildriverslandtrust.org

Pre-Bid: Non-Mandatory 6/5 2pm 93639 Elk River Road, Curry County OR

Port Orford, Or.

Description: This Request for Proposal (RFP) is being issued by Wild Rivers Land Trust (WRLT), whose mission is to keep the irreplaceable lands and waters of the southern Oregon coast forever wild and abundant. WRLT invites qualified firms to submit proposals to provide professional services, including but not limited to, environmental consulting services and cleanup activities, to be funded under its recently awarded FY23 Brownfields Cleanup Grant (Grant) from the US Environmental Protection Agency (EPA). This RFP is being issued in part to comply with Federal and State regulations.
The former Western States Plywood Cooperative Mill, a long-abandoned plywood mill that has been impacting the environment for over four decades. Most of the Site is relatively flat at an elevation of approximately 80 feet above sea level, totaling 17 acres. WRLT will lead the overall implementation and coordination of the project. Its responsibilities include managing timelines, budgets, and task execution; procuring and supervising the cleanup. The selected contractor will provide project management support, including documentation of cleanup activities and assistance with required EPA reporting.

Butler Market Rd. & Wells Acres Rd. Roundabout & Butler Mkt Key Routes

7/2/25
2:00pm

Contact: Michelle Elpi-Trainor
Phone: 541-317-3019
E-Mail: melpitrainor@bendoregon.gov

Pre-Bid: Non-Mandatory 6/16 3pm at the Project Site located at the intersection of Wells Acres Road and Butler Market Road, Bend, OR.

Bend, Or.

Description: The project will construct a single lane roundabout at the intersection of Butler Market Road and Wells Acres Road. In addition, there will be key walking and biking facilities constructed along Butler Market Road beginning at the East leg of the existing 8th Street roundabout to the west leg of the Brinson Boulevard intersection. These improvements include upgrades to ADA facilities, sidewalk infill and upgrades, dedicated bike lanes and cycle tracks, reconstruction of existing driveways, retaining walls, signing and striping, illumination, and landscaping and irrigation. The existing roadway will be widened to accommodate the multi-modal facilities, and a grind and inlay will be constructed on the existing pavement throughout the project limits. Utility improvements include storm drain upgrades and upsizing of the existing 24-inch sanitary sewer main to a 36" main to provide capacity for future growth. Franchise utility relocations and minor waterline appurtenance relocations and adjustments will also be included with the project.

Viking

CONCRETE CUTTING INC.

Concrete Scanner (GPR)

Our concrete scanner is one of the newest tools we have at Viking Concrete Cutting. Using ground penetrating radar (GPR) we have the ability to scan up to 20 in. deep in many different surfaces. We can locate things such as rebar, post tension cables, conduit and many other things. With this state of the art equipment and over 20 years of construction knowledge we are sure we can provide you safe and accurate answers with every scan we do.

Call us to discuss your upcoming projects.

Department of State Police Design Build Eugene & Springfield

7/15/25
2:00pm

Contact: Robert D. Johnson
Phone: (971) 304-5515
E-Mail: robert.johnson@osp.oregon.gov

Pre-Bid: Mandatory 6/25 10am at Hilton Garden Inn Eugene/Springfield, 3528 Gateway St, Springfield, OR.

Lane Co. Or.

Description: The State of Oregon, Department of State Police, is seeking a Design-Build Contractor to successfully complete the design and construction of two facilities: (i) Eugene Area Medical Examiner & Forensic Laboratory Office, and (ii) Springfield Area Command, which also serves as the OSP Central Region Headquarters, (Facility 3) collectively. Facility 1 in the Strategic Master Facilities Plan is currently under construction under a separate Design-Build Contract.

OSP intends to use a progressive Design-Build project delivery method as a proposed alternative to the standard Design, Bid, Build method for the Project. In the progressive Design-Build approach the DBC will work with the Owner to analyze the Owner's existing space, develop conceptual Project plans with Owner input, and prepare conceptual budgets as the design progresses.
