## Why would your BUSINESS want a BROKER rather than an AGENT?

West Coast Insurance Brokers is different than your typical agency. We put our client's best interests at heart. We shop all the insurance companies—many you won't have access to—and find the most competitive rates and coverage.

### How We Go Above & Beyond

- 24/7 Customer Service
- Advocates on your audits
- Sends updates to CCB on your behalf
- Assist with paperwork
- Updates to endorsements & Certificates

Sophia Adams, President

## We Specialize in Contractors Insurance

- Contractors License Bonds
- General Liability
- Payment Performance Bonds
- Commercial Auto Insurance
- Workers Compensation Insurance

(CA - DBA Sophia Adams Insurance Services)

At West Coast Insurance Brokers, our mission is to redefine the insurance experience. As President and an active broker, I founded this company with a belief in going beyond mere sales to empower individuals and businesses through personalized insurance solutions. We are dedicated to navigating the complex world of insurance, tailoring our services to meet the unique needs of each client. Our commitment extends beyond transactions; we cultivate an environment where our team members thrive and where customers feel supported, educated, and empowered. By prioritizing assistance over sales quotas, we strive to build lasting relationships built on trust, expertise, and genuine care.

# PREFABRICATED WALL PANELIZING

## WHY CHOOSE PREFABRICATED WALLS?

**COST EFFICIENCY:**  
Reduce labor expenses, especially on prevailing wage projects

**FASTER COMPLETION:**  
Significantly accelerate construction schedules

**WEATHER-PROOF PRODUCTION:**  
Indoor production continues regardless of outdoor conditions

## COMPREHENSIVE SOLUTIONS

- Full framing packages
- Customized wall solutions
- Detailed engineering and design
- Delivery directly to your construction site
- Quality guaranteed

**CONTACT: 541-343-0999**

35+ years of construction excellence. Every panel personally detailed by Peter Winberg. Superior craftsmanship when skilled labor is scarce.

## Florence Transfer Station Stormwater Improvements

6/30/25  
10:00am

Florence, Or.

**Contact:** Renee Luczak  
**E-Mail:** renee.luczak@lanecountyor.gov

**Description:** Pit wastewater piping. This will include cutting existing 6" drain line, installation of a wet well and vault, installation of a HP stormwater pump and pump box, and installation of approximately 100 feet of 3" PVC discharge pipe and fittings, to connect in with existing 4" PVC sewer pipe.

## Utilities for Trailer Roseburg National Cemetery

6/30/25  
10:00am

Roseburg, Or.

### Addendum:3

**Contact:** Michael Giaquinto  
**Phone:** 917-943-8284  
**E-Mail:** michael.giaquinto2@va.gov

**Description:** Provide water, sewage, electrical and telecommunication services to the trailer at the Roseburg National Cemetery, located in Roseburg, Oregon. Work includes, but is not limited to, connecting water and sewage lines to trailer and connecting cables to existing panels in the Administration Building's Mechanical and IT Rooms, installing cables and conduits from the panels to the trailer, saw cutting concrete and rebar, trenching, backfilling, replacing the concrete pavement, and other work as indicated.

## OR99 MP8.5-9-1 Bicycle Improvement Project

6/30/25  
11:00am

Medford, Or.

**Contact:** Terri Sinclair-Olson  
**Phone:** (541) 774-6299  
**E-Mail:** Terri.sinclair-olson@odot.oregon.gov

**Description:** Bicycle improvements including grind/inlay of pavement, adjustments to existing catch basins, and restriping of pavement, and work zone traffic control.

## Modernization or Repair of Existing Elevator System

6/30/25  
2:00pm

**Contact:** Norbert Johnson  
**Phone:** (541) 435-7173  
**E-Mail:** njohnson@ctclusi.org

Coos Bay, Or.

**Description:** Seeking qualified proposals for professional modernization or complete replacement of an existing US Elevator TC 2000 system currently in operation. The current 2-floor elevator has aged beyond its optimal lifecycle and requires upgrades or replacement to meet safety, accessibility, and code compliance standards.

## Tiny G-Z Stewardship IRSC

6/30/25  
4:00pm

**Contact:** Mark Phillipp  
**Phone:** 541-410-1187  
**E-Mail:** Mark.Phillipp@usda.gov

**Pre-Bid:** 6/5 9am. For information regarding the Site Visit, contact Emerson Cogburn at emerson.cogburn@usda.gov.

Chemult, Or.

### Addendum:2

**Description:**

The objectives of this project are to increase forest health and resiliency to insects, disease, and uncharacteristic wildfire. Other project objectives to reach these goals include:

1. Contractor completed end-results from the NEPA handoff to final completion of product removal.

2. Commercial harvest and removal of Included Timber
3. Non-commercial thinning
4. Fuels reduction techniques, including mastication
5. Whole Tree Yarding
6. Existing road maintenance work
7. Individual Tree Selection

## Owner Occupied Rehab Single Family Home

6/30/25  
5:00pm

**Contact:** John Moredo-Burich  
**Phone:** 707-267-9366  
**E-Mail:** jmoredob2@co.humboldt.ca.us

**Pre-Bid:** Before submitting a bid on this proposal, the bidder **must** make arrangements with the homeowner to tour the home for the purpose of observing firsthand conditions relevant to the completion of the work. No consideration will be given to any claim based on lack of knowledge of existing conditions, except where contract documents make definite provision for an extension of time due to existing conditions not readily foreseeable.

Eureka, Ca.

**Description:** Renovate a single family dwelling built in the 1960's with new technologies for abating health and safety issues within the home and garage.

## Smoke House Construction Yreka

6/30/25  
5:00pm

**Contact:** Charley Reed  
**Phone:** 530-627-3446 ext. 3029  
**E-Mail:** creed@karuk.us

Yreka, Ca.

**Description:**

1. Plan, purchase materials and construct a 10' by 10' cement slab.
2. Plan, purchase materials, and construct a 6' x 6' x 6' smokehouse using traditional wood types such as redwood or cedar. Incorporate fire-resistant materials like bricks or stone for safety, and install a water-resistant roof made from non-colored steel panels. Also including a locking door, 2 drying with food safe, stainless steel racks.
3. Develop an educational resource for future program/community use that include, supply material list, step-by-step how to build process, blue prints, and tips for beginner stage builders.

## Home Repair Program

7/1/25  
12:00pm  
**Contact:** Amanda Clinton  
**Phone:** (541) 726-3628  
**E-Mail:** aclinton@springfield-or.gov

Springfield, Or. **Description:** The City of Springfield is seeking qualified firms that are experienced, licensed contractors to provide accessibility improvements and home repair services that address health and safety for electrical; plumbing; remediation; heating, ventilation and air conditioning; roofing and/or general contractor work in residential homes. Services will be provided at various private residences for very low-income homeowners participating in the Springfield Home Repair Program.

## Re-Roofing Retail Building Number 2

7/1/25  
2:00pm  
**Contact:** Travis Webster  
**Phone:** (541) 469-2218  
**E-Mail:** travis@portofbrookingsharbor.com

Brookings, Or. **Description:** The scope of work includes demolition and disposal of existing asphalt shingles and underlayment to Retail Building No. 2 located at 16350 Lower Harbor Road. Install new asphalt shingles (match existing color-white on Building No. 1) and underlayment with a minimum 30-year warranty. The approximate square footage of the roof is 6,500 (contractor to verify quantity).

## Willow Lake Spillway Repairs

7/1/25  
2:00pm  
**Contact:** Jack Camp  
**Phone:** 541-774-2452  
**E-Mail:** jack.camp@medfordwater.org

**Pre-Bid:** Non-Mandatory 5/20 11am at Willow Lake Dam, 7.5 miles east of Butte Falls, OR @ 7800 Fish Lake Road.

Jackson Co. Or. **Description:** General repair of the concrete spillway on the Willow Lake Dam. The repairs include, but are not limited to, repairing the spillway floor slab, the placement of a 6" concrete overlay on the entire spillway floor; the repair of spalled or damaged concrete walls; construction of 6" height extension of the spillway sidewalls; and repair of the spillway headwall and overflow weir. Related work includes general regrading of the spillway outlet area; restoration of the discharge channel; the placement of stone rip-rap; and associated restoration landscaping.

### Addendum:1

## Willamette Activity Center Reroof

7/1/25  
2:00pm  
**Contact:** Curt Wilson  
**Phone:** 541-912-0878  
**E-Mail:** curt@wilson-architecture.com

**Pre-Bid:** Non-Mandatory 6/18 2pm on site, 47674 School St, Oakridge, OR

Oakridge, Or. **Description:** The existing roof area is approximately 29,000 sf. The work of this project includes removal of the existing roofing and insulation systems above the roof decking, modifications to some of the existing roof structure, installation of new plywood roof sheathing over the existing roof decking, installation of new steel pipes for a future roof top solar array system, new tapered rigid insulation, and new single-ply TPO roofing. Some of the existing roofing includes an asbestos-containing material, which will require removal, handling, and disposal by an Oregon DEQ licensed asbestos abatement contractor. This abatement is part of the project scope of work. Bid Documents for this project will be available on or after June 9.

## 2025 WTP Materials Testing & Special Instructions

7/14/25  
3:00pm

**Contact:** Bill Hawkins  
**Phone:** (503) 539-3868  
**E-Mail:** Bill@HawkinsCM.com

Grants Pass, Or.

**Description:** Provide materials testing and special inspection services during the construction of the Replacement Water Treatment Plant.

## Department of State Police Design Build Eugene & Springfield

7/15/25  
2:00pm

**Contact:** Robert D. Johnson  
**Phone:** (971) 304-5515  
**E-Mail:** robert.johnson@osp.oregon.gov

**Pre-Bid:** Mandatory 6/25 10am at Hilton Garden Inn Eugene/Springfield, 3528 Gateway St, Springfield, OR.

Lane Co. Or.

### Addendum:1

**Description:** The State of Oregon, Department of State Police, is seeking a Design-Build Contractor to successfully complete the design and construction of two facilities: (i) Eugene Area Medical Examiner & Forensic Laboratory Office, and (ii) Springfield Area Command, which also serves as the OSP Central Region Headquarters, (Facility 3) collectively. Facility 1 in the Strategic Master Facilities Plan is currently under construction under a separate Design-Build Contract.

OSP intends to use a progressive Design-Build project delivery method as a proposed alternative to the standard Design, Bid, Build method for the Project. In the progressive Design-Build approach the DBC will work with the Owner to analyze the Owner's existing space, develop conceptual Project plans with Owner input, and prepare conceptual budgets as the design progresses.

## 2025 Fall Pothole Repairs

7/15/25  
2:00pm

**Contact:** Amy Edmonds  
**Phone:** 541-269-1181 ext. 3543  
**E-Mail:** aedmonds@coosbayor.gov

**Pre-Bid:** Non-Mandatory 7/110am  
Coos Bay City Hall

Coos Bay, Or.

**Description:** Grind & Repair 39 potholes of varying sizes and locations to a depth of 4 inches.

## Stanton Park Rehabilitation Phase III

7/15/25  
2:00pm

**Contact:** Mark Wall  
**Phone:** 541-957-7001  
**E-Mail:** mark.wall@douglascountyor.gov

**Pre-Bid:** 6/24 10am on site,  
Charles V Stanton Park, 1540  
Stanton Park Rd. Canyonville, OR

Canyonville, Or.

**Description:** Project involves the complete renovation of the lower campground and improvements of the lower day-use area.

## Stanton Park Landscaping

7/15/25  
2:00pm

**Contact:** Mark Wall  
**Phone:** 541-957-7001  
**E-Mail:** mark.wall@douglascountyor.gov

**Pre-Bid:** Non-Mandatory 7/1  
10am at 1540 Stanton Park Road,  
Canyonville, OR

Canyonville, Or.

**Description:** Post construction repair of existing landscaping, installation of new landscaping including grass sod, shade trees, and irrigation systems.

### OSU Cascades Photovoltaic Install Design Build Services

7/15/25  
2:00pm

**Contact:** Matt Hausman  
**E-Mail:** constructioncontracts@oregonstate.edu

**Pre-Bid:** Mandatory 6/26 1:30 pm via Zoom. Firms wishing to attend shall e-mail constructioncontracts@oregonstate.edu no later than 30 minutes in advance to receive the Zoom link.

Bend, Or.

**Description:** OSU-Cascades is seeking an Energy Trust of Oregon (ETO) Solar Trade Ally Contractor for the installation of PV panels and associated support infrastructure on the rooftops of all 5 OSU-Cascades Buildings (Residence Hall, Obsidian Hall, Tykeson Hall, Edward J. Ray Hall and Student Success Center) taking care to cost-effectively maximize the overall installation size. The scope of services include all design and construction work necessary to install PV panels on the roof tops of each of the buildings listed above. Services anticipated in that scope include but are not limited to: design, permitting (permit fees paid by OSU directly), construction, electrical installation, any structural engineering, and commissioning of the proposed system.

### Digester Biogas Conditioning and Combined Heat & Power Generator System

7/16/25  
3:00pm

**Contact:** Michelle Kempley  
**Phone:** (530) 225-4137  
**E-Mail:** mkempley@cityofredding.org

Redding, Ca.

**Description:** The City of Redding is soliciting Proposals from qualified equipment manufacturers and suppliers for the selection of a Digester Biogas Conditioning and Combined Heat and Power Generator System (i.e. Biogas Conditioning and CHP System) for the Clear Creek Wastewater Treatment Plant.

The City will subsequently enter into a contract with the Manufacturer for the following:

- Provide submittals and engineering services to assist the Engineer with development of complete Construction Drawings and Specifications for the facility as a whole.
- Fabrication and delivery of the equipment.
- Services during construction, startup, and post-construction services.

The Installing Contractor will supply and install all materials not required to be supplied by the Manufacturer as defined herein and as shown and specified in the facility final design drawings and specifications to make the facility as a whole complete and operational.

### Stillwell Stadium Canopy & Parking Design Services

7/17/25  
1:00pm

**Contact:** Thom Darrah  
**Phone:** (541) 885-1661  
**E-Mail:** Thom.Darrah@oit.edu

**Pre-Bid:** Mandatory 7/1 1pm in the Center for Excellence in Engineering and Technology (CEET), Room 250, located at 3201 Campus Drive, Klamath Falls, OR. Please RSVP to Thom.Darrah@oit.edu if you plan to attend the Mandatory Pre-Proposal Conference & Tour.

Klamath Falls, Or.

**Description:** Oregon Tech is seeking proposals to select a licensed design and engineering firm to provide full design services for a new bleacher canopy and parking improvements at Stilwell Softball Stadium. The project will build upon a conceptual design recently developed by Oregon Tech engineering students and overseen by Dr. C. J. Riley as part of a class project. All proposers must use the attached student design as a foundational reference and align the final plans as closely as feasible with the student vision.

### Short Mountain Landfill Truck Scale

7/17/25  
2:00pm

**Contact:** Ashleigh Riolo  
**E-Mail:** ashleigh.riolo@lanecountyor.gov

**Pre-Bid:** Mandatory 6/18 9am at Short Mountain Landfill: 84777 Dillard Access Rd., Eugene.

Eugene, Or.

**Description:** Construction services to include production of new foundation elements, infill of the existing scale pits, and construction of new approach and exit ramps for each new scale. Coordination with the company responsible for the removal of the existing truck scales and the installation of the new truck scales will be required to ensure a successful completion of the project. Truck scales are owner supplied.

### Addendum:1

## City of Tulelake Drought Relief Project

7/17/25  
2:00pm

**Contact:** Vickie Ream  
**Phone:** 541-884-4666  
**E-Mail:** vream@adkinsengineering.com

**Pre-Bid:** Non-Mandatory 6/30 2pm via Microsoft Teams

Tulelake, Ca.

**Description:** The work consists of approximately 500 LF of 6-inch water pipe, replacement of 13 water service connections and 2 fire hydrant assemblies, construction of a new well house and associated piping, installation of two new well pumps, lining rehabilitation of one well, Supervisory Control and Data Acquisition (SCADA) upgrades at the two wells locations, and installation of an emergency potable water filling station.

## Pacific Avenue Sewer Extension

7/17/25  
2:00pm

**Contact:** Mariah Kimpton  
**Phone:** 541-726-2245  
**E-Mail:** mkimpton@springfield-or.gov

**Pre-Bid:** Non-Mandatory 7/9 10am via Microsoft Teams

Springfield, Or.

**Description:** This project involves extending approximately 427 linear feet of 8-inch sanitary sewer main from an existing maintenance hole, 6-inch service laterals for 10 residential properties, sewer clean-outs, and trench restoration.

## Car Wash Demolition & Parking Reclamation

7/17/25  
2:30pm

**Contact:** Michelle Hahn  
**Phone:** (541) 682-5051  
**E-Mail:** MHahn@eugene-or.gov

**Pre-Bid:** Non-Mandatory 7/1 1pm in the Eugene Airport Terminal Building Mezzanine.

Eugene, Or.

**Description:** The project involves demolition of the existing car wash building and the mill and overlay of two existing asphalt parking lots at the Eugene Airport. Scope of work in the existing ready/return rental car parking includes 2" asphalt mill and overlay along with possible minor full depth pavement repair. Additionally, new ADA compliant sidewalk and ramps will be constructed to tie into the existing sidewalks and new pavement markings will be added. Scope in the existing car wash parking lot includes a 2" mill and overlay of a majority of the parking lot, some areas of full depth pavement construction, demolition of the existing car wash building, minor utility work, rerouting of an electrical run in existing conduit, new curb and gutter, and pavement markings. Project also includes new regulatory and way finding signage, a new speed bump, drainage structure improvements, additional new high-mast lighting, and a new rental car operational cross-over road to Lockheed Drive.
