BID DESCRIPTIONS

16-48

Why would your BUSINESS want a BROKER rather than an AGENT?

West Coast Insurance Brokers is different than your typical agency. We put our client's best interests at heart. We shop all the insurance companies—many you won't have access to—and find the most competitive rates and coverage.

How We Go Above & Beyond

- 24/7 Customer Service
- Advocates on your audits
- Sends updates to CCB on your behalf
- Assist with paperwork
- Updates to endorsements & Certificates

Sophia Adams, President

We Specialize in Contractors Insurance

- Contractors License Bonds
- General Liability
- Payment Performance Bonds
- Commercial Auto Insurance
- Workers Compensation Insurance

West Coast
Insurance Brokers, Inc.

(CA - DBA Sophia Adams Insurance Services)

At West Coast Insurance Brokers, our mission is to redefine the insurance experience. As President and an active broker, I founded this company with a belief in going beyond mere sales to empower individuals and businesses through personalized insurance solutions. We are dedicated to navigating the complex world of insurance, tailoring our services to meet the unique needs of each client. Our commitment extends beyond transactions; we cultivate an environment where our team members thrive and where customers feel supported, educated, and empowered. By prioritizing assistance over sales quotas, we strive to build lasting relationships built on trust, expertise, and genuine care.

BID DATE CHANGES

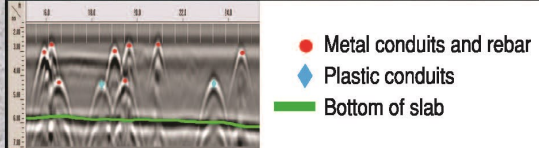

- Intake Replacement Project 7/22 9am

Bold: Indicates time change.

Concrete Scanner (GPR)

Our concrete scanner is one of the newest tools we have at Viking Concrete Cutting. Using ground penetrating radar (GPR) we have the ability to scan up to 20 in. deep in many different surfaces. We can locate things such as rebar, post tension cables, conduit and many other things. With this state of the art equipment and over 20 years of construction knowledge we are sure we can provide you safe and accurate answers with every scan we do.

Call us to discuss your upcoming projects.

Klamath Falls: 541-884-1399 • Medford: 541-773-2420

Front St. Gateway Improvements Phase 1C

TBD

Contact: Andrew Leighton
Phone: (707) 464-9506 x229
E-Mail: aleighton@crescentcity.org

Pre-Bid: Mandatory 6/17 10:30am at the City's Cultural Center located at 1001 Front Street, Crescent City CA

Crescent City, Ca.

Note: Addendum 4 states "The Bid Opening Date will no longer be on July 1, 2025... The future bid opening date and time will be included in a future addendum including the issuance of the Section 3 requirements for this project... This addendum will provide a time extension for good faith outreach."

Addendum:4

Description: This project includes street and utility improvements on Front Street between Play and L Street, and K Street between Front Street and Second Street. This project also includes Beachfront Park Gateway improvements requiring excavation and grading, pathways, landscaping, and cultural and art element installations on the south side of Front Street between Play Street and L Street. The street work includes the furnishing of the labor, materials, and equipment for the installation of a replacement storm drain system, replacement water mains, fire hydrants, valving and services, sewer main installation, gas line relocation, irrigation piping and controls, curbs, gutters, sidewalks, and pedestrian crossings, a reconstructed road section for Front and K Streets, and new street lighting fixtures, all in accordance with the drawings and specifications.

The Gateway improvements include demolition, earthwork and grading around the Cultural Center on Front Street, new concrete pathways for building access and a cultural trail, decorative concrete elements and concrete retaining/seat walls, irrigation piping and controls, landscaping, area lighting, installation of kiosks with informational and cultural signage, and the construction of foundations for Gateway signage as well as cultural trail structural elements.

2025 WTP Materials Testing & Special Instructions

7/14/25
3:00pm

Contact: Bill Hawkins
Phone: (503) 539-3868
E-Mail: Bill@HawkinsCM.com

Grants Pass, Or.

Description: Provide materials testing and special inspection services during the construction of the Replacement Water Treatment Plant.

Department of State Police Design Build Eugene & Springfield

7/15/25
2:00pm

Contact: Robert D. Johnson
Phone: (971) 304-5515
E-Mail: robert.johnson@osp.oregon.gov

Pre-Bid: Mandatory 6/25 10am at Hilton Garden Inn Eugene/Springfield, 3528 Gateway St, Springfield, OR.

Lane Co. Or.

Addendum:1

Description: The State of Oregon, Department of State Police, is seeking a Design-Build Contractor to successfully complete the design and construction of two facilities: (i) Eugene Area Medical Examiner & Forensic Laboratory Office, and (ii) Springfield Area Command, which also serves as the OSP Central Region Headquarters, (Facility 3) collectively. Facility 1 in the Strategic Master Facilities Plan is currently under construction under a separate Design-Build Contract.

OSP intends to use a progressive Design-Build project delivery method as a proposed alternative to the standard Design, Bid, Build method for the Project. In the progressive Design-Build approach the DBC will work with the Owner to analyze the Owner's existing space, develop conceptual Project plans with Owner input, and prepare conceptual budgets as the design progresses.

2025 Fall Pothole Repairs

7/15/25
2:00pm

Contact: Amy Edmonds
Phone: 541-269-1181 ext. 3543

Digester Biogas Conditioning and Combined Heat & Power Generator System

7/16/25
3:00pm

Contact: Michelle Kempley
Phone: (530) 225-4137
E-Mail: mkempley@cityofredding.org

Redding, Ca.

Description: The City of Redding is soliciting Proposals from qualified equipment manufacturers and suppliers for the selection of a Digester Biogas Conditioning and Combined Heat and Power Generator System (i.e. Biogas Conditioning and CHP System) for the Clear Creek Wastewater Treatment Plant.

The City will subsequently enter into a contract with the Manufacturer for the following:

- Provide submittals and engineering services to assist the Engineer with development of complete Construction Drawings and Specifications for the facility as a whole.
- Fabrication and delivery of the equipment.
- Services during construction, startup, and post-construction services.

The Installing Contractor will supply and install all materials not required to be supplied by the Manufacturer as defined herein and as shown and specified in the facility final design drawings and specifications to make the facility as a whole complete and operational.

Stillwell Stadium Canopy & Parking Design Services

7/17/25
1:00pm

Contact: Thom Darrah
Phone: (541) 885-1661
E-Mail: Thom.Darrah@oit.edu

Pre-Bid: Mandatory 7/1 1pm in the Center for Excellence in Engineering and Technology (CEET), Room 250, located at 3201 Campus Drive, Klamath Falls, OR. Please RSVP to Thom.Darrah@oit.edu if you plan to attend the Mandatory Pre-Proposal Conference & Tour.

Klamath Falls, Or.

Description: Oregon Tech is seeking proposals to select a licensed design and engineering firm to provide full design services for a new bleacher canopy and parking improvements at Stilwell Softball Stadium. The project will build upon a conceptual design recently developed by Oregon Tech engineering students and overseen by Dr. C. J. Riley as part of a class project. All proposers must use the attached student design as a foundational reference and align the final plans as closely as feasible with the student vision.

Short Mountain Landfill Truck Scale

7/17/25
2:00pm

Contact: Ashleigh Riolo
E-Mail: ashleigh.riolo@lanecountyor.gov

Pre-Bid: Mandatory 6/18 9am at Short Mountain Landfill: 84777 Dillard Access Rd., Eugene.

Eugene, Or.

Description: Construction services to include production of new foundation elements, infill of the existing scale pits, and construction of new approach and exit ramps for each new scale. Coordination with the company responsible for the removal of the existing truck scales and the installation of the new truck scales will be required to ensure a successful completion of the project. Truck scales are owner supplied.

Addendum:1

City of Tulalake Drought Relief Project

7/17/25
2:00pm

Contact: Vickie Ream
Phone: 541-884-4666
E-Mail: vream@adkinsengineering.com

Pre-Bid: Non-Mandatory 6/30 2pm via Microsoft Teams

Tulalake, Ca.

Description: The work consists of approximately 500 LF of 6-inch water pipe, replacement of 13 water service connections and 2 fire hydrant assemblies, construction of a new well house and associated piping, installation of two new well pumps, lining rehabilitation of one well, Supervisory Control and Data Acquisition (SCADA) upgrades at the two wells locations, and installation of an emergency potable water filling station.

Addendum:2

Pacific Avenue Sewer Extension

7/17/25
2:00pm

Contact: Mariah Kimpton
Phone: 541-726-2245
E-Mail: mkimpton@springfield-or.gov

Pre-Bid: Non-Mandatory 7/9 10am via Microsoft Teams

Springfield, Or. **Description:** This project involves extending approximately 427 linear feet of 8-inch sanitary sewer main from an existing maintenance hole, 6-inch service laterals for 10 residential properties, sewer clean-outs, and trench restoration.

Jones & Beech St. Improvements

7/17/25
2:00pm

Contact: Edward Hodges
Phone: 503-684-3478
E-Mail: cmi@curran-mcleod.com

Oakridge, Or. **Description:** 2" street overlay on Jones Street from HWY 58 to Elgin Avenue, a length of approximately 540 feet and a 2" street overlay on Beech Street from 1st Street to 2nd Street, a length of approximately 330 feet. In addition to the overlays, the work will also include limited areas of road restoration including sub-base placement and asphalt patching on both roadways prior to overlay. The Jones Road improvements will also include limited storm sewer improvements.

Douglas Fir Crossarms

7/17/25
2:00pm

Phone: (541) 685-7107
E-Mail: kristin.kokkeler@eweb.org

Eugene, Or. **Description:** Providing Douglas Fir Crossarms for use in EWEBs overhead electrical distribution installations.

Car Wash Demolition & Parking Reclamation

7/17/25
2:30pm

Contact: Michelle Hahn
Phone: (541) 682-5051
E-Mail: MHahn@eugene-or.gov

Pre-Bid: Non-Mandatory 7/1 1pm in the Eugene Airport Terminal Building Mezzanine.

Eugene, Or. **Description:** The project involves demolition of the existing car wash building and the mill and overlay of two existing asphalt parking lots at the Eugene Airport. Scope of work in the existing ready/return rental car parking includes 2" asphalt mill and overlay along with possible minor full depth pavement repair. Additionally, new ADA compliant sidewalk and ramps will be constructed to tie into the existing sidewalks and new pavement markings will be added. Scope in the existing car wash parking lot includes a 2" mill and overlay of a majority of the parking lot, some areas of full depth pavement construction, demolition of the existing car wash building, minor utility work, rerouting of an electrical run in existing conduit, new curb and gutter, and pavement markings. Project also includes new regulatory and way finding signage, a new speed bump, drainage structure improvements, additional new high-mast lighting, and a new rental car operational cross-over road to Lockheed Drive.

Addendum:1

Canter Court Sewer Project

7/17/25
3:00pm

Contact: Wally Daniels
Phone: 530-245-7008
E-Mail: constructionbids@cityofredding.org

Redding, Ca. **Description:** Replace failing sewer main siphon crossing Churn Creek from manhole R11-60 to R11-59. Replace 2-6 inch ABS pipes with 2-6 inch HDPE pipes (338 linear feet). Construct all weather access road from Cambria Drive to manhole R11-59 approximately 450 linear feet. The Engineer's Estimate is \$238,000.

LUCAS MAIN CONSTRUCTION®

CCB#151128
541-660-3361
WWW.LMCOREGON.COM

Dump Truck SERVICES AVAILABLE

We're able to provide
10 & 12 yard options.

Lucas Main Construction is a complete service general contractor specializing in full, complete builds for new construction as well as any and all remodels, from commercial to residential. There is no job too large or too small for LMC to be involved in. We have on-staff professionals to help you every step of the way — from the bidding process, all the way to completing your project. We approach every job with honesty, integrity, and complete transparency.

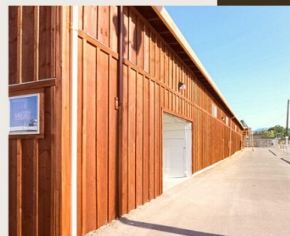

Lucas Main Construction strives to be Southern Oregon's most trusted construction company. We specialize and offer help with residential, commercial, underground and site work development. We're here to help you with it all!

Residential

WE SPECIALIZE IN PACIFIC NORTHWEST AND CRAFTSMAN STYLE RESIDENTIAL CONSTRUCTION, BUT ARE OPEN TO ALL STYLES.

Commercial

WE SPECIALIZE IN COMMERCIAL BUILDING AND DEVELOPMENT FROM SMALL TENANT IMPROVEMENT, MAJOR RENOVATIONS AND COMPLETE GROUND UP CONSTRUCTION HOUSE

Underground

WE ARE PREQUALIFIED FROM EVERY GOVERNING INSTITUTION IN SOUTHERN OREGON FOR ALL INFRASTRUCTURE AND SITE DEVELOPMENT.

Mohawk River Road Overhead to Underground Conversion

7/30/25
10:00am

Contact: Cassie Stavros
Phone: 541-744-7419
E-Mail: cassie@epud.org

Pre-Bid: Mandatory 7/9 1pm at Mohawk River Road, just east of Marcola Road

Marcola, Or. **Description:** EPUD will construct a new underground single phase primary mainline following Mohawk River road starting just east of Marcola Road (MP 0.08) to just west of Thetford Lane (MP 0.64), approximately 0.56 miles, plus various primary and secondary taps/services. The Contractor Work on this project will consist of the installation of all underground facilities (conduit, cabinet and transformer sleeves with grounding, secondary pedestals/junction boxes, and pole sleeves) prior to EPUD crew work.

Crazy Creek Fence Construction

7/30/25
10:00am

Contact: Chad A.T. Bullock
Phone: 208-373-4128
E-Mail: chad.bullock@usda.gov

Prineville, Or. **Description:** This project consists of two parts: 1) the removal and disposal of old, damaged fence and subsequent construction of new fence – approximately 30 miles of 3 wire fence and 44 miles of 4 wire fence. 2) The maintenance of damaged fence back to functional condition – approximately 6 miles of 3 wire fence and 9 miles of 4 wire fence. The fence line right-of-way (ROW) corridor (four feet of either side of fence lines – eight feet total) needs to be cleared by the contractor before fence construction begins. Standing dead trees will need to be felled to reduce risk to fence line. Work consists of falling all standing dead 6" DBH and less for distance of 20' from centerline of fence each side. Standing dead larger then 6" DBH will be identified by government and paid per each. Fence material will be provided by the contractor.
