We're Closed Friday for the 4th!

Why would your BUSINESS want a BROKER rather than an AGENT?

West Coast Insurance Brokers is different than your typical agency. We put our client's best interests at heart. We shop all the insurance companies—many you won't have access to—and find the most competitive rates and coverage.

How We Go Above & Beyond

- 24/7 Customer Service
- Advocates on your audits
- Sends updates to CCB on your behalf
- Assist with paperwork
- Updates to endorsements & Certificates

Sophia Adams, President

We Specialize in Contractors Insurance

- Contractors License Bonds
- General Liability
- Payment Performance Bonds
- Commercial Auto Insurance
- Workers Compensation Insurance

(CA - DBA Sophia Adams Insurance Services)

At West Coast Insurance Brokers, our mission is to redefine the insurance experience. As President and an active broker, I founded this company with a belief in going beyond mere sales to empower individuals and businesses through personalized insurance solutions. We are dedicated to navigating the complex world of insurance, tailoring our services to meet the unique needs of each client. Our commitment extends beyond transactions; we cultivate an environment where our team members thrive and where customers feel supported, educated, and empowered. By prioritizing assistance over sales quotas, we strive to build lasting relationships built on trust, expertise, and genuine care.

CLOSED!

Front St. Gateway Improvements Phase 1C

TBD

Contact: Andrew Leighton
Phone: (707) 464-9506 x229
E-Mail: aleighton@crescentcity.org

Pre-Bid: Mandatory 6/17 10:30am at the City's Cultural Center located at 1001 Front Street, Crescent City CA

Crescent City, Ca.

Note: Addendum 4 states "The Bid Opening Date will no longer be on July 1, 2025... The future bid opening date and time will be included in a future addendum including the issuance of the Section 3 requirements for this project... This addendum will provide a time extension for good faith outreach."

Addendum:4

Description: This project includes street and utility improvements on Front Street between Play and L Street, and K Street between Front Street and Second Street. This project also includes Beachfront Park Gateway improvements requiring excavation and grading, pathways, landscaping, and cultural and art element installations on the south side of Front Street between Play Street and L Street.

The street work includes the furnishing of the labor, materials, and equipment for the installation of a replacement storm drain system, replacement water mains, fire hydrants, valving and services, sewer main installation, gas line relocation, irrigation piping and controls, curbs, gutters, sidewalks, and pedestrian crossings, a reconstructed road section for Front and K Streets, and new street lighting fixtures, all in accordance with the drawings and specifications.

The Gateway improvements include demolition, earthwork and grading around the Cultural Center on Front Street, new concrete pathways for building access and a cultural trail, decorative concrete elements and concrete retaining/seat walls, irrigation piping and controls, landscaping, area lighting, installation of kiosks with informational and cultural signage, and the construction of foundations for Gateway signage as well as cultural trail structural elements.

NPL Stewardship Deschutes National Forest Fort Rock Ranger District

Department of State Police Design Build Eugene & Springfield

7/15/25
2:00pm

Contact: Robert D. Johnson
Phone: (971) 304-5515
E-Mail: robert.johnson@osp.oregon.gov

Pre-Bid: Mandatory 6/25 10am at
Hilton Garden Inn Eugene/
Springfield, 3528 Gateway St,
Springfield, OR.

Lane Co. Or.

Addendum:1

Description: The State of Oregon, Department of State Police, is seeking a Design-Build Contractor to successfully complete the design and construction of two facilities: (i) Eugene Area Medical Examiner & Forensic Laboratory Office, and (ii) Springfield Area Command, which also serves as the OSP Central Region Headquarters, (Facility 3) collectively. Facility 1 in the Strategic Master Facilities Plan is currently under construction under a separate Design-Build Contract.

OSP intends to use a progressive Design-Build project delivery method as a proposed alternative to the standard Design, Bid, Build method for the Project. In the progressive Design-Build approach the DBC will work with the Owner to analyze the Owner's existing space, develop conceptual Project plans with Owner input, and prepare conceptual budgets as the design progresses.

OSU Cascades Photovoltaic Install Design Build Services

7/15/25
2:00pm

Contact: Matt Hausman
E-Mail: constructioncontracts@oregonstate.edu

Pre-Bid: Mandatory 6/26 1:30 pm via Zoom. Firms wishing to attend shall e-mail constructioncontracts@oregonstate.edu no later than 30 minutes in advance to receive the Zoom link.

Bend, Or.

Addendum:1

Description: OSU-Cascades is seeking an Energy Trust of Oregon (ETO) Solar Trade Ally Contractor for the installation of PV panels and associated support infrastructure on the rooftops of all 5 OSU-Cascades Buildings (Residence Hall, Obsidian Hall, Tykeson Hall, Edward J. Ray Hall and Student Success Center) taking care to cost-effectively maximize the overall installation size. The scope of services include all design and construction work necessary to install PV panels on the roof tops of each of the buildings listed above. Services anticipated in that scope include but are not limited to: design, permitting (permit fees paid by OSU directly), construction, electrical installation, any structural engineering, and commissioning of the proposed system.

Digester Biogas Conditioning and Combined Heat & Power Generator System

7/16/25
3:00pm

Contact: Michelle Kempley
Phone: (530) 225-4137
E-Mail: mkempley@cityofredding.org

Redding, Ca.

Description: The City of Redding is soliciting Proposals from qualified equipment manufacturers and suppliers for the selection of a Digester Biogas Conditioning and Combined Heat and Power Generator System (i.e. Biogas Conditioning and CHP System) for the Clear Creek Wastewater Treatment Plant.

The City will subsequently enter into a contract with the Manufacturer for the following:

- Provide submittals and engineering services to assist the Engineer with development of complete Construction Drawings and Specifications for the facility as a whole.
- Fabrication and delivery of the equipment.
- Services during construction, startup, and post-construction services.

The Installing Contractor will supply and install all materials not required to be supplied by the Manufacturer as defined herein and as shown and specified in the facility final design drawings and specifications to make the facility as a whole complete and operational.

Stillwell Stadium Canopy & Parking Design Services

7/17/25
1:00pm

Contact: Thom Darrah
Phone: (541) 885-1661
E-Mail: Thom.Darrah@oit.edu

Pre-Bid: Mandatory 7/1 1pm in the Center for Excellence in Engineering and Technology (CEET), Room 250, located at 3201 Campus Drive, Klamath Falls, OR. Please RSVP to Thom.Darrah@oit.edu if you plan to attend the Mandatory Pre-Proposal Conference & Tour.

Klamath Falls, Or.

Description: Oregon Tech is seeking proposals to select a licensed design and engineering firm to provide full design services for a new bleacher canopy and parking improvements at Stilwell Softball Stadium. The project will build upon a conceptual design recently developed by Oregon Tech engineering students and overseen by Dr. C. J. Riley as part of a class project. All proposers must use the attached student design as a foundational reference and align the final plans as closely as feasible with the student vision.

Short Mountain Landfill Truck Scale

7/17/25
2:00pm

Contact: Ashleigh Riolo
E-Mail: ashleigh.riolo@lanecountyor.gov

Pre-Bid: Mandatory 6/18 9am at Short Mountain Landfill: 84777 Dillard Access Rd., Eugene.

Eugene, Or.

Addendum:1

Description: Construction services to include production of new foundation elements, infill of the existing scale pits, and construction of new approach and exit ramps for each new scale. Coordination with the company responsible for the removal of the existing truck scales and the installation of the new truck scales will be required to ensure a successful completion of the project. Truck scales are owner supplied.

City of Tulelake Drought Relief Project

7/17/25
2:00pm

Contact: Vickie Ream
Phone: 541-884-4666
E-Mail: vream@adkinsengineering.com

Pre-Bid: Non-Mandatory 6/30 2pm via Microsoft Teams

Tulelake, Ca.

Description: The work consists of approximately 500 LF of 6-inch water pipe, replacement of 13 water service connections and 2 fire hydrant assemblies, construction of a new well house and associated piping, installation of two new well pumps, lining rehabilitation of one well, Supervisory Control and Data Acquisition (SCADA) upgrades at the two wells locations, and installation of an emergency potable water filling station.

Addendum:1

Mohawk River Road Overhead to Underground Conversion

7/30/25
10:00am

Contact: Cassie Stavros
Phone: 541-744-7419
E-Mail: cassie@epud.org

Pre-Bid: Mandatory 7/9 1pm at Mohawk River Road, just east of Marcola Road

Marcola, Or.

Description: EPUD will construct a new underground single phase primary mainline following Mohawk River road starting just east of Marcola Road (MP 0.08) to just west of Thetford Lane (MP 0.64), approximately 0.56 miles, plus various primary and secondary taps/services. The Contractor Work on this project will consist of the installation of all underground facilities (conduit, cabinet and transformer sleeves with grounding, secondary pedestals/junction boxes, and pole sleeves) prior to EPUD crew work.

Crazy Creek Fence Construction

7/30/25
10:00am

Contact: Chad A.T. Bullock
Phone: 208-373-4128
E-Mail: chad.bullock@usda.gov

Prineville, Or.

Description: This project consists of two parts: 1) the removal and disposal of old, damaged fence and subsequent construction of new fence – approximately 30 miles of 3 wire fence and 44 miles of 4 wire fence. 2) The maintenance of damaged fence back to functional condition – approximately 6 miles of 3 wire fence and 9 miles of 4 wire fence. The fence line right-of-way (ROW) corridor (four feet of either side of fence lines – eight feet total) needs to be cleared by the contractor before fence construction begins. Standing dead trees will need to be felled to reduce risk to fence line. Work consists of falling all standing dead 6" DBH and less for distance of 20' from centerline of fence each side. Standing dead larger than 6" DBH will be identified by government and paid per each. Fence material will be provided by the contractor.

115 Kv Circuit Breakers

7/30/25
2:00pm

Contact: Sandra Hahn
Phone: (541) 685-7163
E-Mail: sandra.hahn@eweb.org

Eugene, Or.

Description: Purchase of 20 units of SF6 115kV Circuit Breakers.

Seismic Rehabilitation Maple Middle School

7/31/25
2:00pm

Contact: Steve Perking
Phone: 541-572-1220
E-Mail: StevePerkins@mpsd.k12.or.us

Myrtle Point, Or.

Description: The Myrtle Point School District (the "District") is seeking proposals from firms for the structural engineering and design services for the Seismic Rehabilitation of Maple Middle School. The District intends to use either the typical Design-Bid-Build procurement project delivery method or the CM/GC procurement project delivery method for this Project. The scope of work also includes the following services:

- Develop all construction documents for the project required for a CM/GC or hard bid construction delivery methods.
 - Assist the District with the entitlement of the projects through the Authorities Having Jurisdiction and the State Historical Preservation Office.
 - Provide all construction administration services necessary for the implementation of the projects
- Assist District Staff with SRG reporting requirements for the project as required.

On Call Sidewalk Repair & Sidewalk Leveling

7/31/25
3:00pm

Contact: Wally Daniels
Phone: 530-245-7008
